

“ High-Quality Swimming Pool Liners Ideally Suited to the Australian Climate ”

The Acqua Di Lusso range of quality pool liners by Fabric Solutions are the perfect choice for your next replacement inground pool liner. Vinyl liners are not only an attractive and inexpensive method of renovating a pool, they are also ideally suited in situations where there is expected ground movement or where an existing concrete pool has cracked and leaked.

Acqua Di Lusso pool liners also make for a cleaner, more hygienic pool as they work to prevent the growth of mould, mildew and even bacteria. In a wide range of patterns and colours, we have a liner to suit your inground pool.
